v.E.1

John James,

The Deloitte System Access site allows you to manage your Deloitte user account information and change your password.

To complete your Deloitte user account registration, you will need the user name provided in a separate email sent from Deloitte System Access.

To complete your Deloitte account registration, perform the following:

1. Access the Deloitte System Access site at <https://emm.deloitte.com>.
2. Click Client or business partner.
3. Enter the user name provided in the previous email.
4. Enter the temporary password of Y7oGZWdrxl
5. Change your temporary password when prompted.
6. Click Save Password.
7. Your account and password have now been setup, you may close the window. Note: Do NOT login to the site, it is not required to access Deloitte applications.
8. You can now use your new account password to access all Deloitte applications.

Your Deloitte project contact will contact you with instructions for accessing the application(s) for your project.

If you have any questions, please reach out to your Deloitte project contact.
